

Airport Information

Located 10km (6 miles) east of the city centre, the busy two-terminal airport is linked to the most of the capitals in the world. The bright, modern and smoke-free Sofia Airport has the capacity to serve 2.5 million passengers. A new Terminal 2 building, designed with special attention to disabled passengers was opened in December 2006. A large parking lot is located in front of the old terminal building. A new multi-level parking garage providing 820 parking spaces is linked to the departures area of the new passenger terminal. The car parks are open non-stop and parking fee is 2 to 3 leva per hour. Avoid taking airport taxis other than O.K. Supertrans providing services to the city centre for BGN 7/ Euro 3,5. The regular N84 and 284 bus lines cover the route Sofia Airport-Sofia University. Tickets cost BGN 0.70.
