

Vignette System

The Vignette system is valid for the National Road Network, except for the ring roads and by-pass roads of populated areas as well as the roads within populated areas. Buying a vignette, you have the right to use over 300 km of motor ways and over 18 000 km of roads for the period specified in the vignette. Where to buy a vignette from? You can buy a vignette from all border-crossing points (BPCs) of the Republic of Bulgaria. There you will find the units of REA (designated with the relevant mark). These units are open 24 hours. The prices of vignettes are in Euro (EUR). Apart from Euro, in the border units of REA you can pay for the vignette in US Dollars as well.

ATTENTION:

Motion of road vehicles on the Vignette Network without a valid vignette, is a violation and subject to sanctions in accordance to the Road Traffic Law. Assess carefully the duration of your stay and buy appropriate vignette. Prices in EURO of vignette types by categories:
